

Health Center Pharmacy

Need to fill a prescription or buy an over-the-counter medication?

Short on cash? We can bill you.

Friendly & Professional Service for the Campus Community

We offer a variety of over-the-counter medications such as acetaminophen, ibuprofen, and other generic products at low cost.

We can fill your prescriptions, through the State's Prescription Insurance Plan (Catalyst) or other major insurance, while you wait or you can drop it off and pick it up later. We will gladly transfer your prescription(s) from another pharmacy for filling at the Health Center.

The pharmacy is open Monday through Friday from 9:30AM to 5:00PM excluding University holidays and closing. Prescriptions or refill requests may be left for the pharmacy anytime that the Health Center is open. We are located in the Health Center across from the Stamp Student Union. We can be reached at x48186.

****FREE* Consultation Service***

Need to know more about your medications, or have general questions about medications? We offer a **FREE consultation service with a pharmacist.**

For consultation, call x48180 & make an appointment with Dr. Sturpe.
