

Class Excuse Documentation Policy

The University Health Center does not provide class excuses unless a student has had an illness for one week or more or has been hospitalized. This policy is in conformance with 2004 recommendations by the Campus Senate Executive Committee.

Each instructor should carefully consider his or her own class rules regarding documentation. Since all students are bound by the University of Maryland's Code of Academic Integrity, a signed note from the student may serve as evidence for his/her absence. Instructors who do not accept a student's signed note may call Dr. Lee, the Clinical Director, at extension 48154, or Dr. Bodison, the Director of the University Health Center at extension 48091, who will explain the Health Center policy. 5.07

.....

On _____
Date(s)

I was unable to attend class due to an illness of such severity as to prevent me from meeting my academic obligation. I pledge on my honor that the prior statement is true.
